

### In the Specification

Please amend the specification as follows:

On page 1, line 11, delete “utilise” and insert therein “utilize”.

On page 3, line 17, delete “region” and insert therein “regions”.

On page 3, line 20, delete “nucleic acids” and insert therein “amino acids”.

On page 4, line 2, delete “aeorsolised” and insert therein “aerosolized”.

On page 4, line 34, delete “biogdegradable: and insert therein “biodegradable”.

On page 5, line 6, delete “stabilise” and insert therein “stabilize”.

On page 5, line 11, delete “the a” and insert therein “that a”.

On page 6, lines 2 and 6, delete “lyophilisation” and insert therein “lyophilization”.

On page 7, line 8, delete the period following the word “Yersinia”.

On page 7, line 9, delete “aerosolised” and insert therein “aerosolized”.

On page 7, line 11, delete “immunisation” and insert therein “immunization”.

On page 8, line 11, insert the heading “Brief Description of the Drawings”.

On page 8, line 15, delete “titre” and insert therein “titer”.

On page 8, lines 16, 20, 24, and 28, delete “aerosolised” and insert therein  
“aerosolized”.

On page 9, lines 11, 17, and 20, delete “aerosolised” and insert therein “aerosolized”.

On page 9, line 12, delete “analyse” and insert therein “analyze”.

On page 9, lines 14 and 24, delete “analysed” and insert therein “analyzed”.

On page 9, line 23, delete “The was repeated” and insert therein “This was repeated”.

On page 9, line 32, delete “aerosolisation” and insert therein “aerosolization”.

On page 10, lines 2, 16 and 17, delete “aerosolised” and insert therein “aerosolized”.

On page 10, line 4, delete “immunising” and insert therein “immunizing”.

On page 10, line 5, delete “titres” and insert therein “titers”.

On page 10, line 11, delete “aerosolisation” and insert therein “aerosolization”.

On page 10, line 24, delete “visualisation” and insert therein “visualization”.

On page 10, line 29, delete “can reach enter” and insert therein “can reach and/or  
enter”.
